# INTRODUCTION

**“LIBRARY HUB”** is a platform where you are able to get notes in a single click . In short, it is your friend that is never busy to help you with notes that too for absolutely free.

## PROBLEM STATEMENT

There are a lot of people who does not able to get notes easily due to financial conditions or lack of notes availability . Therefore , most of students are always depends on there friend to send them pdf of notes of particular subject.

# SOLUTION

Our moto is to develop a website that provides all the notes in a single click , so now student's don't have to worry and waste there time in clicking and making pdf's of more than 100 pages . Plus now you don't have to wait for your friend to send notes.
